MEMORY CARE
THAT GOES ABOVE
AND BEYOND.

HOLLAND HOME MISSION

In fulfilling God's calling to
serve others, we will:

Serve with love and compassion.

Commit to excellence.

Follow Christ's teachings and
example in all we do.

*Holland Home is proud to be the
region's senior care leader, providing a
wide range of innovative senior living
and care services derived from years
of experience caring for countless
Grand Rapids generations.*

MEMORY CARE SERVICES

At Holland Home, we are dedicated to enhancing the lives of those living with memory loss, wherever they call home.

Led by a team of dedicated experts, we're able to provide compassionate care to those living with dementia or Alzheimer's. Our goal being to ensure safety and security while helping your loved ones make the most of every day in every way possible.

DEMENTIA JOURNEY TRAINING

All Holland Home memory care staff members take part in a unique training program called the Dementia Journey.

The program is designed to simulate sound, vision and sensory impairment, which helps staff members better understand the confusion and impairments those with memory loss endure. It not only helps create a higher level of insight into the disease, but also empathy for what those living with dementia face.

IN-HOME MEMORY CARE & COMFORT

The need for memory care is something Holland Home is expertly familiar with. We understand what intensive care involves, both on our end and that of the family's. That's why, in addition to offering comprehensive memory care services in our secure facilities, we also make it available in your loved one's home.

Through Helpers of Holland Home and HomeCare of Holland Home, we can ensure that loved ones will be safe and receive the best memory care possible in the comfort, and familiarity, of their own home.

HELPERS OF HOLLAND HOME CAN PROVIDE:

- 24/7 ongoing assistance
- Stimulating activities and exercise therapy planned by a Recreational Therapist
- Assistance with personal needs, like bathing and dressing
- Meal preparation to ensure loved ones get the nourishment needed
- Relief for overworked caregivers

HEMOCARE OF HOLLAND HOME CAN PROVIDE:

- Medical treatments via specially trained dementia nurses
- Assistance with the behavioral health needs of loved ones
- A variety of health services that help loved ones live safer and healthier at home

RESIDENTIAL MEMORY CARE SERVICES.

For those whose care needs have surpassed what's safely possible at home, Holland Home offers several secure and comfortable care settings. Those with advancing dementia or Alzheimer's can receive the memory care that's needed to live life as fully as possible.

Our Breton Woods, Raybrook Manor and Fulton Manor all offer secure units that encourage freedom of movement while limiting unnecessary risk, such as wandering. We also provide a predictable schedule and structured daily routines that help relieve loved ones of unnecessary stress. In addition, our trained recreation therapists offer specialized exercise programs and activities specifically designed to provide the best in memory care and Alzheimer's care.

COMPASSIONATE EXPERTISE

Holland Home's memory care services are provided 24/7 by a specially trained team of physicians, nurses, aides and support staff.

SPIRITUAL CARE

Believing in the importance and value of practicing faith, we've created Evening Star™, a unique worship service that brings to surface the memories of favorite hymns and Bible passages and allows our memory care residents to participate in worship. Our memory care residents are also welcome at all of our onsite worship services.

TAKE COMFORT IN HOLLAND HOME.

Holland Home realizes the needs and challenges faced by families dealing with memory care issues. We also recognize that, though difficult, with the right support and the proper professional assistance, this aspect of elder care can be managed safely and successfully. And, most of all, with opportunities for continued wellness and ample joy.
