More to Life. For Life.

Holland Home's Lifecare Promise offers each resident the opportunity for lifelong care through our exclusive Continuing Care Agreement. Yes, it's a promise. Yes, it's peace of mind. But, more than that, it's a reflection of our unwavering commitment to Christ-like care. It isn't something we simply do; it's who we are and what we're dedicated to delivering.

Our Continuum of Care

Assisted Living

Assisted Living allows residents to maintain as much independence as possible while receiving help and support as needed. We offer one of the highest staff-to-resident ratios, with dedicated, compassionate employees guided by our mission to provide excellent Christian care. We offer a full schedule of activities and events, including worship services, games, exercise, and more, along with three meals per day prepared by our chef.

Dementia Care

Holland Home is the first organization in Michigan and only the fifth nationally to achieve the coveted "Designated Organization" accreditation from Positive Approach to Care®—the nation's authority on dementia care. Our Dementia Care services offer safe and comfortable settings, including secure units that allow freedom but prevent wandering, predictable schedules that provide structure, and specialized activities to ensure residents stay mentally, spiritually, and physically active.

Rehab

Short- and long-term rehabilitation services to help you maintain your health, bounce back from surgery, or recover from illness. Our multi-disciplinary team of care specialists will work in coordination with your physicians to create a care plan based on your needs, recovery timelines, and goals.

Skilled Nursing

Our compassionate staff provides 24/7 services to those who need a higher level of care, including daily assistance with personal care needs such as bathing and dressing. Our spacious rooms include all the comforts of home and access to gathering spaces for family visits.

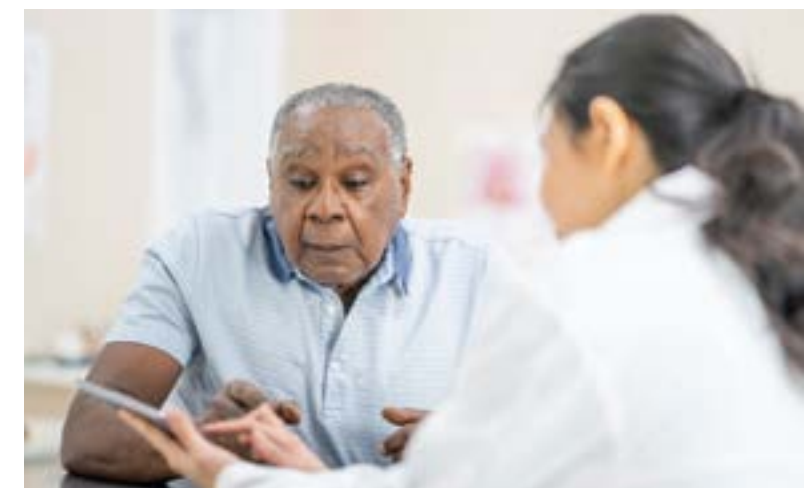

The expert care we are able to provide makes an incredible difference. But it's the compassion and commonsense kindness from our staff that really set us apart.

-Troy Vugteveen, President & CEO

Onsite Practice:

Trinity Health Grand Rapids Geriatrics

In partnership with Trinity Health Grand Rapids, our on-campus practice has several physicians and advanced nursing staff specially trained in geriatrics, palliative, and hospice care to help residents throughout their aging journey.

OUR MISSION

**In fulfilling God's calling to serve others, we will:
Serve with love and compassion.
Commit to excellence.
Follow Christ's teachings and example in all we do.**

The Best Value in Senior Living

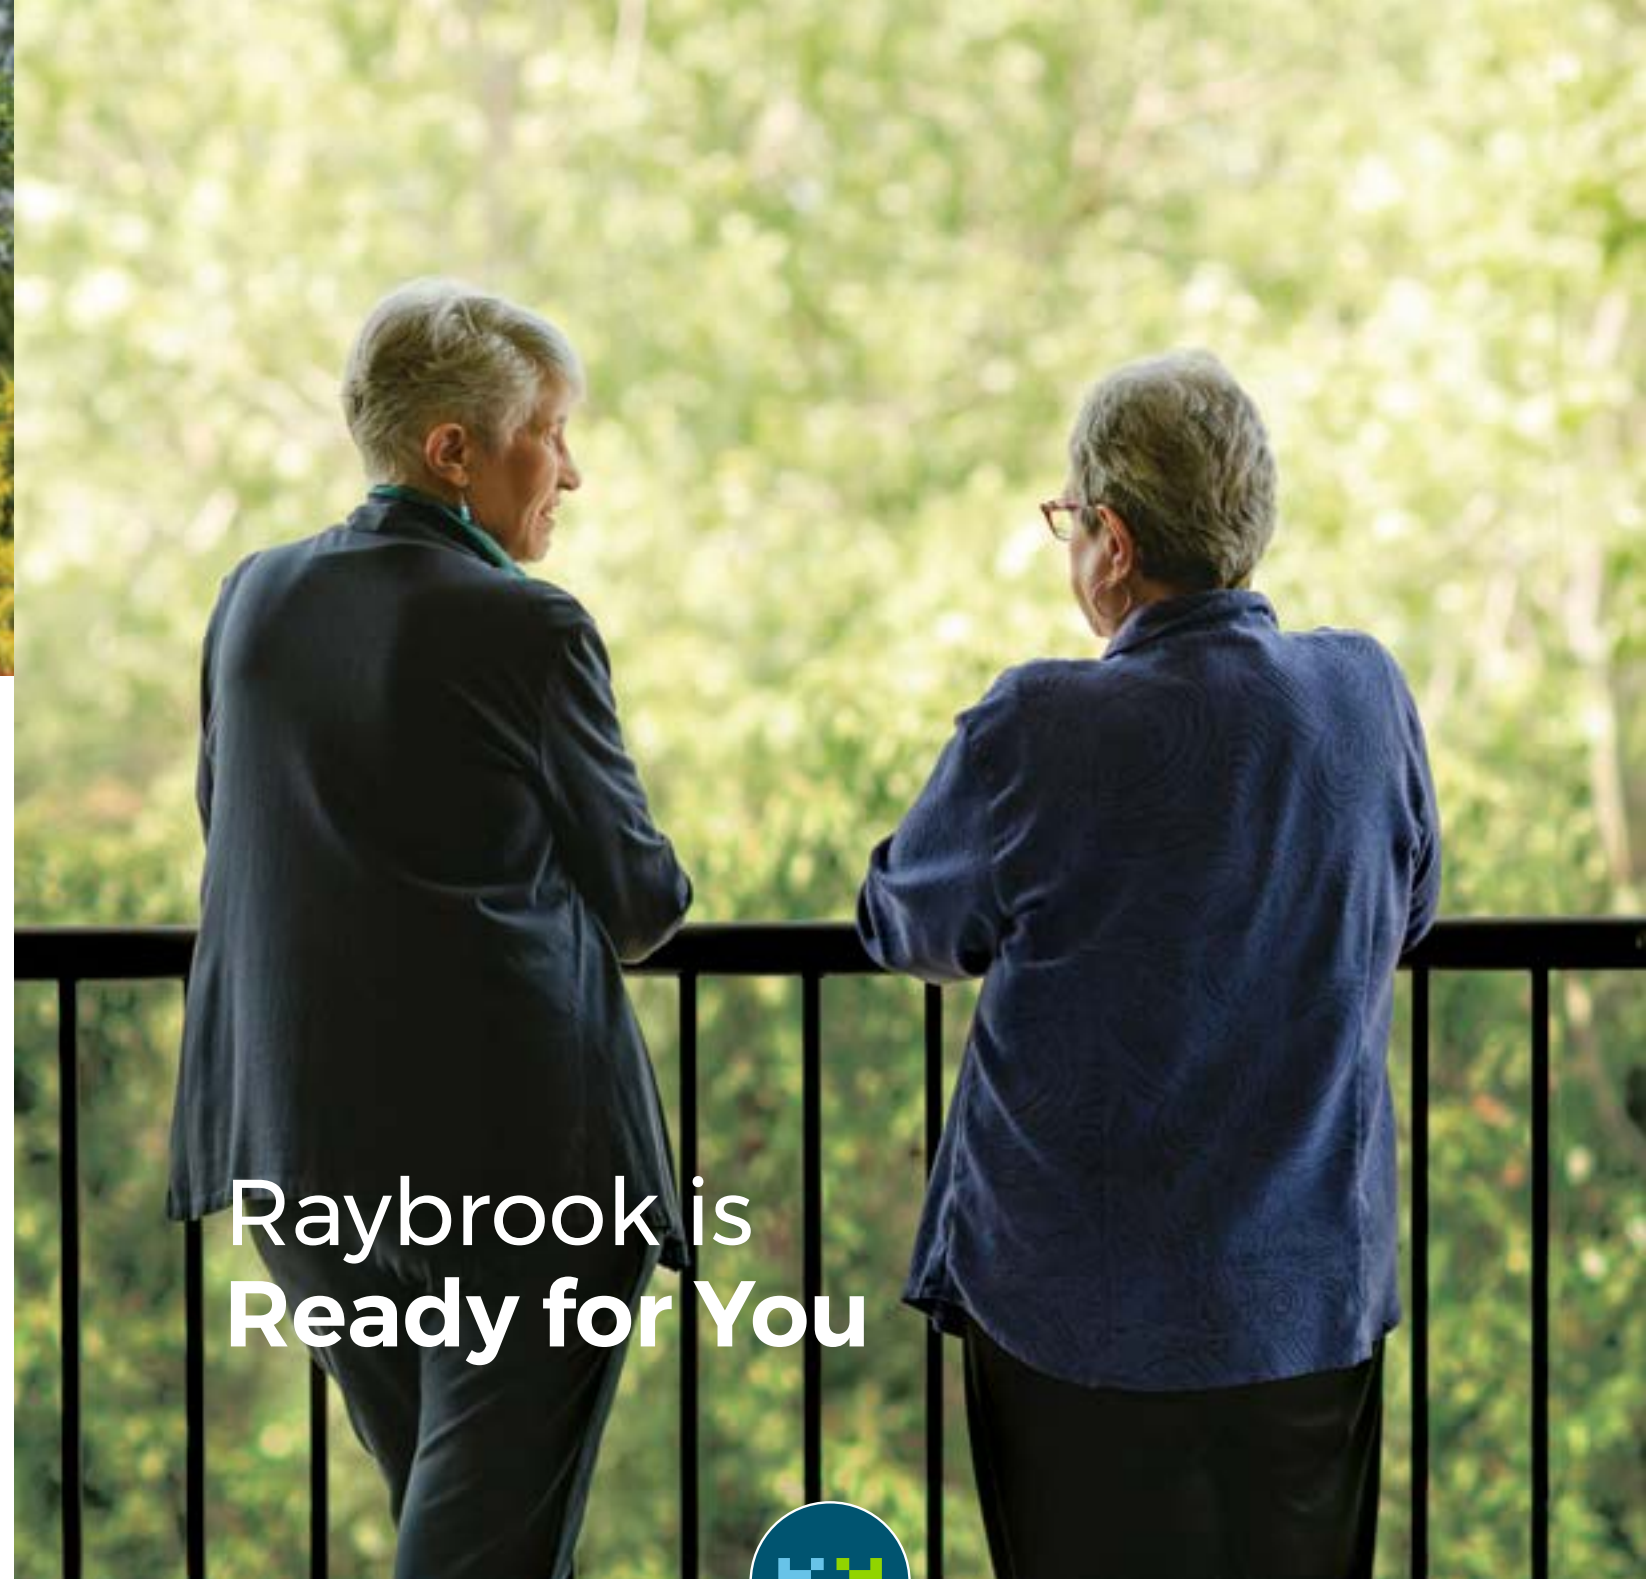

The greater Grand Rapids area has one of the highest geographic concentrations of Continuing Care Retirement Communities (CCRC) in the country. Each has unique pricing, entrance fee modeling, monthly fees, and varying amenities, making it difficult to evaluate your choices. To help you through the decision-making process, we crunched the numbers and found that Independent Living at Holland Home comes in 3-18%* less annually than other communities in our area.

*Based on a comparison of 50/50 entrance fee plans and average length of occupancy of 10 years.

Mission Over Margin

As a nonprofit organization, we are mission-driven rather than profit-driven. Therefore, the vast majority of fees we receive from our residents go right back to them in the form of facility amenities, maintenance and improvements, Vibrant Living programs and activities, care staff pay, and more. All this ensures that we live up to our mission to serve with excellence and follow Christ's example in all we do.
